COMMITTEE TO INVESTIGATE NEEDS OF BOROUGH LOCKUP

Burgess Riebeck Recommends Establishment of New Quarters.

FOR WOMEN AND CHILDREN

No Place at Present to Place Them, Except With Male Adult Prisoners.

At the regular adjourned meeting of council last night, Burgess George W. Riebeck, made a recommendation that better accommodations be provided for the detention of women and juveniles, which the police were required to arrest. His idea was for the better equipment of the police station, erecting a separate compartment for their use, or else placing cells in the borough building. It was partially with regard to the sanitation that he made the recommendation. The council discussed the latter to some extent but the opinion was not for the expenditure of money to better the place at the present time. The condition of the treasury is a matter which was placed in the hands of the police committee for them to report at the next meeting. It appears that the borough cells that have never been cleaned and it is probable that these will be put in place.

A garbage contract for the ensuing year was let to Samuel Nutting, placed in a bid of \$120, \$70 above the price of his nearest competitor, Harry G. The contract was awarded to Nutting on the condition that he would have a bond of \$2,500 within the next ten days.

It was decided to have a budget prepared of the receipts and expenditures for the next year, by the finance committee, and a report be made to council at the earliest possible convenience.

Council unanimously ratified the selection of the board of health for R. E. Hornell and W. M. Gault as members of the board to take the places of Rev. H. C. Boblitt and R. S. Phillips, resigned.

H. S. Pierson of the finance committee reported that the First National Bank would take care of all the warrants. He also reported that the matter of settlement with Ellis Spahr for damages from an alleged bad road near garbage furnace, had not been completed as yet. The committee was instructed to finish up all business in connection with the matter.

The street committee reported that they had the release of damages ready for signature, of the residents along Lookout avenue, between Second and Third streets, which it is desired to have graded. This will be placed in the hands of the property owners for signatures.

Club Takes an Outing.

The annual outing of the Friday Conversational club took place yesterday at Monongahela when the club members visited the Carnegie Institute, Pittsburgh. Arrangements were made for a special street car, for the accommodation of those who make the trip. Miss Florence McCreey conducted the members through the art galleries and the St. Gaudens exhibit. At 12 o'clock luncheon was served by the senior members of the Margaret Morrison School of Domestic Science, after which the visitors leaving for home in the evening.

Was Twenty-One Sudden and Violent Deaths During Month.

Coroner James Heffran investigated 21 sudden and violent deaths during the month of April. Nine deaths were caused by mine accidents, and in all cases the deaths of the victims are attributed to their own carelessness.

Other casualties reported are as follows: Killed on railroads, 3; street cars, 2; bridge works, 1; suicide 1; heart failure, 1; rheumatism of the heart, 1; convulsion 1; unknown causes, 2.

FAIRMONT SHOWS US

Pitcher Strahl Drives In Winning Run By Single.

After Charleroi had tied up the game in the eighth inning at Fairmont yesterday, the Hunters turned around and in the ninth with two out, proceeded through the aid of a man by the name of Strahl, who also does pitching occasionally, to chase over one run, and incidentally, stopped the Cherubs' triumphal procession. It occurred thusly: Moore started in to bat and he was opposed by one Strahl, a man who is out trying to gain fame with the Hunters. The first score of the game was made in the fourth by Kellar getting on by withstanding one of Moore's benders, and coming in when Durham hammered one for three bases.

In the fifth Fairmont got two. Stagle singled and scored on Jackley's double into middle. In trying to head off Stagle at the plate Harrell heaved into the grand stand, and Jackley went in.

Charleroi got one in the fifth when Nicely singled, was sent to second on Brockman's sacrifice and scored on Conway's single. In the sixth MacHale's men enjoyed a little fun all to themselves and when they finished it was ascertained that Morgan and Harrell had tallied and that both had made hits along with Nicely who came back with a double. In the eighth, Charleroi took the lead when Strahl's error let Harrell on first. Harrell scored on Elliott's double to left.

In Charleroi's half of the ninth the bunch did nothing. Fairmont came to bat and with two out, Jackley picked out a nice one and landed it beyond Elliott in left, reaching third before it was returned. Strahl was next. He proceeded to spoil the whole business by shoving one over Nicely's head and bringing in the winning run. The score:

CLIMAX OF RALLIES SUNDAY

At That Time Superintendents Will Exchange Places In District.

LAST NIGHT'S MEETING

The last of the week day Sunday School rallies for the First District of Washington county was held in the Baptist church on Washington avenue last night. It was a very interesting session. A large number was present at the meeting, the church being filled. Rev. Smiley of Canonsburg, a former chairman of the Washington County Sabbath School Association, addressed the meeting, which was presided over by Joseph Kenyon, president of this district. A fitting climax of "Rally Week" will be on Sunday when at the different Sunday schools special services will be held, at which time various superintendents will visit other schools. Among the features at the meeting last night at the Baptist church was the music which was in charge of the M. E. orchestra, under the direction of A. H. Bossard.

Rev. Smiley's address was along the lines of Sunday school work. He stated that there was nothing that exerted a better or wider influence than Sunday school work, for the reason that in this the people were brought into closer touch with spiritual things and the study of the Bible, than they were through any other agency. The meeting closed with a discussion of various questions as to best benefit the Sunday school.

REAL ESTATE ACTIVE HERE

FIRES IN MOUNTAIN

Danger of Forest Conflagration Near Uniontown Today.

Forest fires have again originated in the mountain districts near Uniontown and although there is no immediate cause for alarm the flames are spreading rapidly and in all probability a fire brigade will be called to extinguish the fire. The conflagration began near the White Rocks and is moving slowly almost directly south. It is taking everything in its path and several dwelling houses have been missed by a narrow margin. The farmers in that district have been fighting the flames themselves for the past two days and so far have made good progress.

The cause of the fire is unknown. Coming at this season of the year when trees are filled with sap and immediately following heavy rains, the fire furnishes very peculiar features.

SETBACK IS GIVEN COAL SHIPMENTS

Strike of Engineers And Sailors Has Interfered With Lake Trade.

AFFECTS LOCAL MINERS

A serious setback has been given coal shipments from this section for the lake trade, owing to a strike of the steamboat engineers and sailors. The opening of the lake trade has been looked for with much eagerness in this section, as it means a big impetus in coal mining, but on account of the little coal is now going to the lakes, and the mines that were depending on these shipments are finding little to do.

The strike is against the "open shop" policy of the Lake Carriers' Association. The boat owners, it is said, will make an effort to man their vessels with other men, but is a question whether it can be done in time to get the coal up and ore down for the needs of the consumers. The boatmen claim that with both coal and ore in the demand the lake sailors' union has made a mistake in choosing this time to enforce their demands. On the other hand the sailors and engineers charge the boat owners with being tyrannical and oppressive in maintaining their open shop policy.

Superintendent K. Johnston of the Charleroi Coal Works stated that the strike has seriously interfered with their contract, and that while they were running full for the present, it would be a question of future orders whether or not they will continue to their full capacity.

BILL IS FOUND AGAINST GULA

Grand Jury Holds Him On Murder Charge—Banker Must Stand Trial.

The case of Tony Gula, held by the coroner's jury for the death of Frank Rossa, at Monongahela, was laid before the grand jury yesterday afternoon. After the examination of several witnesses, including Jennie Rush who admits giving Gula the revolver with which the shooting was done, the jury adjourned until 9:15 this morning. This is the last case that will be acted upon by the grand jury.

The grand jury yesterday returned a true bill against Jacob Bosero, a banker of California. He is indicted on several charges of larceny and embezzlement. Stotesli Istvan is the private prosecutor and he alleges that Bosero has defrauded him of \$410.

Other true bills returned were the following, John Graves, and George Graves, keeping a bawdy house, keeping a gambling house, selling liquor without license, furnishing liquor on Sunday. Noah Behanna, prosecutor. Riley Anderson, H. H. Dawson, malicious mischief, removing a monument. Julia A. Vandergrift, prosecutor.

A Proposed Merger.

The proposed merger of all independent plants is the main topic of discussion in the Connellsville and Lower Connellsville coke regions, this week. Sixty per cent. of the operators are said to have given the promoters options on their properties.

The coke business remains about the same as last week, which marked the bottom of the decline. The production for the two regions totaled 228,500 tons, which was within a few tons of the amount produced the previous week. Shipments increased 76 cars. To Pittsburgh and points west the shipments totaled 130 cars more than during the preceding weeks. The outlook for improvement is bright.

This evening is the date for the dance to be given by the Young Ladies Sodality of St. Jerome's church in the Bank of Charleroi hall. Jenkins' orchestra will furnish the music. The hours will be from 8 to 12. Everything is in readiness for a social time.

LOCAL PEOPLE REFUSE TO ABIDE BY CHANGE OF DATE

Capell Company Abandons Plant

Monongahela Industrial Work Is Now Being Done Elsewhere.

The old plant of the Monongahela Manufacturing company has been practically abandoned by the Capell Fan and Engineering company of Monongahela whose plant was recently burned, and all the work of the latter corporation is now being done, practically, by the plant of the Webb-Herron Machine company, near Black Diamond. The Capell Fan company have arranged to take some of the machinery of the manufacturing company, and this is being taken from the old plant, some of it having passed through the recent fire.

It is stated that the Capell Plant will not be rebuilt.

COMMITTEE THE SAME

Marathon Officials To Be Chosen From Experienced Men.

The Marathon Race, which is to be held here on Decoration Day, will be in charge of the same committee that held the last one. This fact was made known this morning. Arrangements for the race are being made far more successful than the last.

For the Decoration Day event it is planned to have a large score board erected in the center of the field, through which the results will be made known to the spectators. In this manner each can keep track of their favorites. It is more than likely that the same officials will be in charge at the last race.

WILL FLUSH THE PLUGS

Water Company on Saturday to Make the Monthly Bounds Over the Borough.

The monthly flushing of the fire plugs in Charleroi will be made on Saturday by the Water company, accompanied by Borough Clerk Nickerson. It is by this method that the number of plugs that are out of condition are learned. With the settlement with the Water company of the contentions, more plugs will be secured, and it is thought a higher pressure on the hill.

The funeral of Milton Morgan, who died at the Mercy hospital, Pittsburgh, yesterday morning, will be held from the home of the father in Bellaire, Ohio, this afternoon at 1 o'clock. V. E. Reeves of the undertaking firm of Reeves and Reeves, went to Pittsburgh last night to ship the body to that place.

A meeting of the borough school board will be held tonight to finish up the monthly business. The election of a superintendent will not take place until at a meeting held Tuesday of next week for that purpose. Over 40 applications for the position have been made.

As Result High School Field Meet Will be on May 15.

MONESSEN IS SATISFIED

Thought Monongahela Will Concur, And Arrangements Made at Once.

The date of the field meet of the Charleroi, Monessen, and Monongahela High schools, at Cook's track, near Belle Vernon will be on May 15, or Charleroi will not take part, is the edict of the local authorities, the action being compelled by the stand taken by the track team of the local high school, under Captain Roy Carson. The date was changed at a meeting on Wednesday afternoon of representatives of the three schools in Charleroi from May 14, which had previously been set, to May 29 but the Charleroi representatives voted against the change. Now that the stand has been taken by the track team of the Charleroi High school there is little doubt but that the date will be changed to the 15th.

Last evening Prof. B. B. Smith of the local high school got in communication with Prof. Lytle at Monessen, and tried to make arrangements for the change and it is stated that it was agreed to by the latter. Efforts to get Prof. Dean were futile, but it is thought that he will concur so that the work of making the final preparations made can be started.

The changing of the date aroused considerable feeling in Charleroi, the members of the track team stating that they would not participate in the race, owing to the fact that this being after the close of school, many of them would be in positions where they could not remain in training or have a chance to participate. It is not thought there will be any further trouble.

Tomorrow the members of the track team will make the rounds of the merchants in Charleroi and secure whatever prizes possible. This morning they were measured for the suits at the agency of George S. - Might. The suits will be in red and black, the High school colors.

LADY MINSTRELS TONIGHT

Opening at Turner Hall Promises to Be to Crowded House.

A leading event in fraternal circles is the Lady Minstrels of the L. O. T. M. at Turner Hall tonight and tomorrow night, Friday and Saturday, May 7 and 8. This entertainment, which is given under direction of Prof. and Mrs. McCloskey, promises to eclipse anything in this line ever before presented here. The fact that the leading parts will be taken by women is a distinct novelty and much curiosity is manifested as to how the respective roles will be presented.

Prof. McCloskey, who has been rehearsing the company for some time, is an old-time minstrel man, and has a fine equipment for the show. The sale of tickets is large and the opening tonight promises to be given to a crowded house.

Kerfoot Daly is transacting business today in Pittsburgh.

Should be Provided.

Burgess Risbeck's recommendation for separate compartments in the lock-up for incarcerating woman and children is most timely. This is a matter which should have been attended to long ago, not only in the interests of law and order but for moral, humane and sanitary reasons. Because the borough has no place to lock up juvenile offenders, whom the law requires to be incarcerated apart from adult criminals, they are for the most part permitted to go scott free, and offenses are committed by juveniles which are a grievous burden to citizens, simply because the police have no means for enforcing the law.

In regard to moral and sanitary conditions, the lockup is no place for a female offender, no matter what the offense may be. The cells are all together and the sanitary condition bad. The borough has two cells which have never been erected and a place separate and apart from those occupied by men should be provided at once. In view of the urgent necessity of this provision, the cost should not stand in the way.

No Consolidation.

Governor Stuart has put a sprag in the wheel of those boroughs that are desirous of expanding their territorial limits without regard to what their neighbors may think of the project by vetoing the consolidation bill passed at the last session of the Legislature. This bill gave boroughs the right to consolidate, whether the smaller boroughs or outside territory, were willing or not. All that was necessary was for a certain number of citizens to petition for a vote on the project, and a majority decided.

This was all right for the big fellows, but the little ones had no say in the matter. In some ways it was equitable enough, as there might be instances where a small community could forever block a larger one from progressive development. However, as these instances are rare, the Governor's action is probably more in the interest of justice than if he had signed the bill.

Another cargo of whizz wagons has been received in this place. My gracious, will they never stop shipping those things in here?

Now we know why American women like to wear those peach basket hats. It's for the reason that turned right side up (as men say it) or up side down, as women would say, they resemble the map of the United States, and that's no fib, either.

Say, it seems funny that school cannot be dismissed to allow pupils to participate in something that is manifestly for their good. We were not aware that this was the 18th century.

COMMITTEE TO INVESTIGATE NEEDS OF BOROUGH LOCKUP

Burgess Risbeck Recommends Establishment of New Quarters.

FOR WOMEN AND CHILDREN

At the regular adjourned meeting of council last night, Burgess George W. Risbeck, made a recommendation that better accommodations be provided for the detention of women and juveniles, which the police were required to arrest. His idea was for the better equipment of the police station, erecting a separate compartment for their use, or else placing cells in the borough building. It was partially with regard to the sanitation that he made this recommendation. The council discussed the latter to some extent but the opinion was not for the expenditure of money to better the condition of the treasury is a matter was placed in the police committee for report at the next meeting. It appears that the borough cells that have never been put in place.

Pitcher Strahl Drives In Winning Run By Single.

After Charleroi had tied up the game in the eighth inning at Fairmont yesterday, the Hunters turned around and in the ninth with two out, proceeded through the aid of a map by the name of Strahl, who also does pitching occasionally, to chase over one run, and incidentally stopped the Cherubs' triumphal procession. It occurred thusly: Moore started in to do the heaving for the Cherubs and was opposed by one Strahl, a man who is out trying to gain fame with the Hunters. The first score of the game was made in the fourth by Keller getting on by withstanding one of Moore's benders, and coming in when Durham hammered one for three bases.

In the fifth Fairmont got two. Siagle singled and scored on Jackley's double into middle. In trying to head off Siagle at the plate Harrell heaved into the grand stand, and Jackley went in. Charleroi got one in the fifth when Nicely singled, was sent to second on Brockman's sacrifice and scored on Conway's single. In the sixth MacHale's men enjoyed a little fun all to themselves and when they finished it was ascertained that Morgan and Harrell had tallied and that both had made hits along with Nicely who came back with a double. In the eighth, Charleroi took the lead when Strahl's error let Harrell on first. Harrell scored on Elliott's double to left. In Charleroi's half of the ninth the bunch did nothing. Fairmont came to bat and with two out, Jackley picked out a nice one and landed it beyond Elliott in left, reaching third before it was returned. Strahl was next. He proceeded to spoil the whole business by shoving one over Nicely's head and bringing in the winning run. The score:

CLIMAX OF RALLIES SUNDAY

At That Time Superintendents Will Exchange Places In District.

LAST NIGHT'S MEETING

The last of the week day Sunday School rallies for the First District of Washington county was held in the Baptist church on Washington avenue last night. It was a very interesting session. A large number was present at the meeting, the church being filled. Rev. Smiley of Canonsburg, a former chairman of the Washington County Sabbath School Association, addressed the meeting, which was presided over by Joseph Kenyon, president of this district. A fitting climax of "Rally Week" will be on Sunday when at the different Sunday schools special services will be held, at which time various superintendents will visit other schools. Among the features at the meeting last night at the Baptist church was the music which was in charge of the M. E. orchestra, under the direction of A. H. Bossard.

Rev. Smiley's address was along the lines of Sunday school work. He stated that there was nothing that exerted a better or wider influence than Sunday school work, for the reason that in this the people were brought into closer touch with spiritual things and the study of the Bible, then they were through any other agency. The meeting closed with a discussion of various questions as to best benefit the Sunday school.

FIRES IN MOUNTAIN

Danger of Forest Conflagration Near Uniontown Today.

Forest fires have again originated in the mountain districts near Uniontown and although there is no immediate cause for alarm, the flames are spreading rapidly and in all probability a fire brigade will be called to extinguish the fire. The conflagration began near the White Rocks and is moving slowly almost directly south. It is taking everything in its path and several dwelling houses have been missed by a narrow margin. The fighting the flames themselves for the past two days and so far have made the dance to the dance by the Young good progress.

The cause of the fire is unknown. Coming at this season of the year, when the hills are filled with hay and grain, the outlook for improvement is bright.

SETBACK IS GIVEN COAL SHIPMENTS

Strike of Engineers And Sailors Has Interfered With Lake Trade.

LOCAL MINERS

A serious setback has been given coal shipments from this section for the lake trade, owing to a strike of the steamboat engineers and sailors. The opening of the lake trade has been looked for with much eagerness in this section, as it means a big impetus in coal mining, but on account of the strike little coal is now going to the lakes, and the mines that were depending on these shipments are finding little to do.

The strike is against the "open shop" policy of the Lake Carriers' Association. The boat owners, it is said, will make an effort to man their vessels with other men, but is a question whether it can be done in time to get up and ore down for the needs of the consumers. The boatmen claim that with both coal and ore in high demand the lake sailors' union has made a mistake in choosing this time to enforce their demands. On the other hand the sailors and engineers charge the boat owners with being tyrannical and oppressive in maintaining their open shop policy.

Super K. Johnston of the Charleroi Coal Works stated that the strike has seriously interfered with their contracts, and that while they were running well for the present, it would depend on future orders whether or not the mine will continue to their full capacity.

BILL IS FOUND AGAINST GULA

Grand Jury Holds Him On Murder Charge—Banker Must Stand Trial.

The case of Tony Gula, held by the grand jury for the death of Frank Rossa, at Monongahela, was laid before the grand jury yesterday afternoon. After the examination of several witnesses, including Jennie Rush who admits giving Gula the revolver with which the shooting was done, the jury adjourned until 9:15 this morning. This is the last case that will be acted upon by the grand jury.

The grand jury yesterday returned a true bill against Jacob Bosero, a banker of California. He is indicted on several charges of larceny and embezzlement. Stotesli Istvan is the private prosecutor and he alleges that Bosero has defrauded him of \$410.

Other true bills returned were the following, John Graves, and George Graves, keeping a bawdy house, keeping a gambling house, selling liquor without license, furnishing liquor on Sunday, Noah Behanna, prosecutor. Riley Anderson, H. H. Dawson, malicious mischief, removing a monument, Julia A. Vandergrift, prosecutor.

A Proposed Merger.

The proposed merger of all independent plants is the main topic of discussion in the Connellsville and Lower Connellsville coke regions, this week. Sixty per cent. of the operators are said to have given the promoters options on their properties.

The coke business remains about the same as last week, which marked the bottom of the decline. The production for the two regions totaled 229,500 tons, which was within a few tons of the amount produced the previous week. Shipments increased 76 cars, to Pittsburgh and points west. The shipments totaled 180 cars more than during the preceding weeks. The outlook for improvement is bright.

This evening is the date for the dance to be given by the Young Ladies' Sodality of St. Jerome's church in the Bank of Charleroi hall. The choir of this season of the year will furnish the music. The hour will be from 8 to 12. The evening is a readiness for social and festive features.

LOCAL PEOPLE REFUSE TO ABIDE BY CHANGE OF DATE

Capell Company Abandons Plant

Monongahela Industrial Work Is Now Being Done Elsewhere.

The old plant of the Monongahela Manufacturing company has been practically abandoned by the Capell Fan and Engineering company of Monongahela whose plant was recently burned, and all the work of the latter corporation is now being done, practically, by the plant of the Webb-Herron Machine company, near Black Diamond. The Capell Fan company have arranged to take some of the machinery of the manufacturing company, and this is being taken from the old plant, some of it having passed through the recent fire.

It is stated that the Capell Plant will not be rebuilt.

COMMITTEE THE SAME

Marathon Officials To Be Chosen From Experienced Men.

The Marathon Race, which is to be held here on Decoration Day, will be in charge of the same committee that held the last one. This fact was made known this morning. Arrangements are being made to have this one far more successful than the last.

For the Decoration Day event it is planned to have a large score board erected in the center of the field, through which the results will be made known to the spectators. In this manner each can keep track of their favorites. It is more than likely that the same officials will be in charge at the last race.

WILL FLUSH THE PLUGS

Water Company on Saturday to Make the Monthly Bounds Over the Borough.

The monthly flushing of the fire plugs in Charleroi will be made on Saturday by the Water company, accompanied by Borough Clerk Nickerson. It is by this method that the number of plugs that are out of condition are learned. With the settlement with the Water company of the contentions, more plugs will be secured, and it is thought a higher pressure on the hill.

The funeral of Milton Morgan, who died at the Mercy hospital, Pittsburgh, yesterday morning, will be held from the home of the father in Bellaire, Ohio, this afternoon at 1 o'clock. V. E. Reeves of the undertaking firm of Reeves and Reeves, went to Pittsburgh last night to ship the body to that place.

A meeting of the borough school board will be held tonight to finish up the monthly business. The election of a superintendent will not take place until at a meeting held Tuesday of next week for that purpose. Over 40 applications for the position have been made.

As Result High School Field Meet Will be on May 15.

MONESSEN IS SATISFIED

Thought Monongahela Will Concur, And Arrangements Made at Once.

The date of the field meet of the Charleroi, Monessen, and Monongahela High schools, at Cook's track, near Belle Vernon will be on May 15, or Charleroi will not take part, is the edict of the local authorities, the action being compelled by the stand taken by the track team of the local high school, under Captain Roy Carson. The date was changed at a meeting on Wednesday afternoon of representatives of the three schools in Charleroi from May 14, which had previously been set, to May 29 but the Charleroi representatives voted against the change. Now that the stand has been taken by the track team of the Charleroi High school there is little doubt but that the date will be changed to the 15th.

Last evening Prof. B. B. Smith of the local high school got in communication with Prof. Lytle at Monessen, and tried to make arrangement for the change and it is stated that it was agreed to by the latter. Efforts to get Prof. Dean were futile, but it is thought that he will concur so that the work of making the final preparations made can be started.

The changing of the date aroused considerable feeling in Charleroi, the members of the track team stating that they would not take part on May 29th, owing to the fact that this being after the close of school, many of them would be in positions where they could not remain in training or have a chance to participate. It is not thought there will be any further trouble.

Tomorrow the members of the track team will make the rounds of the merchants in Charleroi and secure whatever prizes possible. This morning they were measured for the suits at the agency of George S. Night. The suits will be in red and black, the High school colors.

LADY MINSTRELS TONIGHT

Opening at Turner Hall Promises to Be to Crowded House.

A leading event in fraternal circles is the Lady Minstrels of the L. O. T. M. at Turner Hall tonight and tomorrow night, Friday and Saturday, May 7 and 8. This entertainment, which is given under direction of Prof. and Mrs. McCloskey, promises to eclipse anything in this line ever before presented here. The fact that the leading parts will be taken by women is a distinct novelty and much curiosity is manifested as to how the respective roles will be presented.

Prof. McCloskey, who has been rehearsing the company for some time, is an old-time minstrel man, and has a fine equipment for the show. The sale of tickets is large and the opening tonight promises to be given to a crowded house.

Burgess Risbeck's recommendation for separate compartments in the lock-up for incarcerating woman and children is most timely. This is a matter which should have been attended to long ago, not only in the interests of law and order but for moral, humane and sanitary reasons. Because the borough has no place to lock up juvenile offenders, whom the law requires to be incarcerated apart from adult criminals, they are for the most part permitted to go scot free, and offenses are committed by juveniles which are a grievous burden to citizens, simply because the police have no means for enforcing the law.

In regard to moral and sanitary conditions, the lockup is no place for a female offender, no matter what the offense may be. The cells are all together and the sanitary condition bad. The borough has two cells which have never been erected and a place separate and apart from those occupied by men should be provided at once. In view of the urgent necessity of this provision, the cost should not stand in the way.

No Consolidation.

Governor Stuart has put a sprag in the wheel of those boroughs that are desirous of expanding their territorial limits without regard to what their neighbors may think of the project by vetoing the consolidation bill passed at the last session of the Legislature. This bill gave boroughs the right to consolidate, whether the smaller boroughs or outside territory were willing or not. All that was necessary was for a certain number of citizens to petition for a vote on the project, and a majority decided.

This was all right for the big fellows, but the little ones had no say in the matter. In some ways it was equitable enough, as there might be instances where a small community could forever block a larger one from progressive development. However, as these instances are rare, the Governor's action is probably more in the interest of justice than if he had signed the bill.

Another cargo of whizz wagons has been received in this place. My gracious, will they never stop shipping those things in here?

Now we know why American women like to wear those peach basket hats. It's for the reason that turned right side up (as men say it) or up side down, as women would say, they resemble the map of the United States, and that's no fib, either.

Say, it seems funny that school cannot be dismissed to allow pupils to participate in something that is manifestly for their good. We were not aware that this was the 18th century.

CHARLEROI'S LIVE STORE

Charming New Hats

\$5 to \$10

No other store has Hats so stylish and becoming as Berryman's. Our Trimmer is the best; we use the latest shapes and the very best materials. For Saturday we put on sale a big lot of brand new hats to sell from \$5 to \$10. The sort you'll be charmed with at once.

New Silk Dresses

\$1.90

Choice of a dozen new silk gowns in various shades and styles to sell for less than the regular ordinary price, \$25.00, special price \$18.90. The materials and styles are such as will appeal to the very best trade.

New Lace Trimmed Tub Suits \$6

Just here for Saturday selling. If you were to pay \$10.00 you would think they were worth it. Jackets and skirts very elaborately trimmed with wide insertion. White tan, blue, lavender, and only \$6.

Shirt Waists

As no other store shows them. The best brands, the best qualities, the best styles and prices moderate.

Look at the four pretty new windows in the Fifth Ave. front.

RALSTON

SHOES

Why tread easy

The Ordinary Method of Lasting

The Ralston Method of Lasting

Patented Tread Sole

\$4.00

Ask any man who has ever worn a pair of RALSTON'S what he thinks of them. He will tell you they're the most comfortable shoes he has ever worn. Try on a pair yourself and you'll say the same.

The secret of the exceptional fitting quality of RALSTON SHOES lies in the fact that they're made over foot moulded lasts—exact replicas of human feet, following the graceful foot curves on top and sides and moulded on the bottom in conformity with the mounds and depression of the natural foot. RALSTON SHOES—for this reason—need no "breaking in".

We shall be pleased to show you how perfectly we can fit your feet.

We Like to Introduce You to "Clever Clothes"

We assure you the pleasure will be mutual. You'll meet the sort of clothes you've most ad- mired; the kind with the big handsome shoulders, full, deep chesty coat fronts, graceful lapels, smooth fitting backs. We'll meet a friend, for once you know our clothes, ever after. Priced at \$18.00 to \$30.00.

Our Suits at \$12.00, \$13.50, \$15.00 and \$18.00 are the best values in town. Let us show you.

Men's Furnishings

Our Haberdashery always has all the acces- sories of men's dress. No matter what the price. Everything is the best in its particu- lar grade, and price, a matter of much importance, is always less here, than for the same quality of goods sold elsewhere.

Make a Comparison---that's the way to find out. Every little while we call attention to some of the things in this department so that you may know we are up to the times.

Choicest of Spring Neckwear

Particular attention is paid to having abundance of 50c neckwear, especially in the popular four-in-hands.

These are here in the very latest colors. Combinations as well as plain colors. These are strikingly handsome.

Also a new line of Wash Ties and Socks at 50c.

What is Your Style of Collar

It is here, in Red Seal Brand and the famous Arrow Brand Collars, 2 for 25c.

Ask for the "Tremont", the new Arrow Collar for summer.

Straw Hats

In all the new and popular straws, shapes and styles.

\$1 to \$3.50

Summer Shirts

Doesn't matter what you desire to pay, we have the shirts you want at the right price. The best dollar shirts in Charleroi.

More swagger patterns than you'd see in a day's travel.

We cannot praise these dollar shirts too highly.

Classy Half Hose

All the new shades in plain colors, as well as self stripes and figures, just the thing for low shoes.

15c, 25c and 50c

New Summer Underwear

Porosknit, B. V. D., Balbriggan, Scrivers, Elastic Seam; you're bound to keep cool.

"Just Wright" Shoes and Oxfords

When you enter our store you're sure to be suited. Your choice is not restricted to a few styles, because we carry an unusually full line. Every variety of every last and every style is here. Price \$4.00 per pair. Will you look?
